FAINA LEH THIANGHLIMNA

Fur pui hun kan lo chuangkai leh ta. Kumin pawh hi ruahtui kan hmu tha leh viau mai a. Hetiang hunah hian boruak a hnawngin kan in leh a chhehvelte pawh a huhin a hnawm chuap thin a, kan ran in chhuatte pawh a bal nal kerh zuk duh viau mai. Hetih hun lai takah hian ran vulhtute pawhin thianghlimna kawngah nasa leh zuala tan kan lak a ngai thin a ni.

Kan ran vulh laite hian keini mihringte ang bawkin hmun fai leh hulhar tha an mamawh ve a. Hmun hnawng leh bal, uap cherh churhah chuan natna hrik a piang duhin natna chi hrang hrang- Leptospirosis, Coccidiosis, Foot rot, Salmonellosis, ring worm, rulhut etc. kan tihte hi a tam duh em em a. Chutiang zelin fur khuaah hian kan ran chaw dah thatna hmun pawh uluk leh zuala kan enkawl a ngai a ni. Boruak hnawngah chuan ran chawte hi a hmuar duh em em mai a. Hetiang ranchaw hmuar pek hi a hrisel lova Mycotoxicosis, Mycosis leh allergy emaw thawk lam harsatnate hi a thleng duh em em a ni.

Chuvangin fur pui hun a lo thlen hian kan ran in leh a chhehvel tifa taima ila, ran in chhuat silfai taimak a, tui tling awm lo tur leh tui a luan ral zung zung theina turin a chhuat pawh tlemin kan tiawih deuh tur a ni. Ran in leh ran chaw dah thatna hmun chu hulhar tha taka kan siam a ngai thin. Kan ran enkawl danin a zir chuan natna tam tak hi kan pum pelh thei a, damlo enkawl nana sum tam tak kan sen thin hi kan tikiam thei a ni. Thianghlimna kawngah tan i la sauh sauh ang u.

PATHIAN THILSIAM ENKAWLTU MIHRINGTE MAWHPHURHNA

*Dr. F. Laldawla Retired
MAH & VS, Zemabawk*

Pathian hian Mihring a siam hma hauhin a mawhphurhna leh tihtur a bithliah sa vek a. Genesis 1: 26 ah chuan, Tin, Pathianin, “Kan anpuin keimahni ang takin mihring siam ila; anni chu tuifinriata sangha chungachte, chungleng sava chungachte, ran chungachte, lei chung zawng zawng chungachte, rannung leia bawkvaka kal zawng zawng chungachte thu i neihtir ang u” a ti a. Hemi bakah hian Genesis 2: 15-ah chuan, Tin, Lalpa Pathian chuan mihring chu a hruai a, Eden huanah chuan a enkawl leh a veng turin a dah ta a tih kan hmu baw k a ni.

Pathianin mihring a siamte hi khawvel enkawl turin min dah a, a chhiat a thatah mawh kan phur nasa hle a ni tih hi inngaihtuah nawn chung a kan pawm a ngai a ni. Leilung danin a kentel ve hrim hrim anga ngai a, kan ramngaw chereu lutuk tate, kan tuihna tlem tial tial te, leimin nasa lutuk tate, khawlum zual zel te, natna lo pung ta em em mai te hi thlir liam mai thei kan ni ta lo. Veterinary Service te phei chu heng bakah hian an natna tidamtu leh an eitur tha pe tur

kan la ni nghe nghe a ni. He mawhphurhna kalkana nun kan hmanh anih chuan a fel lo hle ang.

A pawm nuam zawng-in khuarel chhiatna kan tithla zen a; a ni lo, kan cho chhuah chhiatna a ni tam ber zawk a ni. Kan nungcha thenkhat sanghalte, sakhite khawchhunga lo lut an sawite, mimal huanah ram-ar rualin chaw pek beiseia an rawn lut an sawite hian rilru a kal thui thin khawp mai. Heng hi eng vang nge? A chhanna chu ramngaw a chereu

a, an duh khawp eitur an hmu lo tih a ni mai. Mi ramin nungcha an humhalh zia hi, August 29, 2025 khan Australia a Soccer field laiah sava chikhat masket lapwing-in bu a lo chhep tih an hmu a. Inkhelh pawimawh tak chu field dangah an sawn nghal chuk chuk a, sava note lo keu a an thlawh chhuah fel hun atan ni 28 chhung field an khar ta a nih chu!! Manganthlak tawp theilo chu, “ Mi ramah chuan chuti kha ti an ti a, an fakawm khawp mai” kan ti a, kan tih ve theih reng pawh tih kan tum chuang lo. Thil lawmawm leh deuh thung si chu khawpui chu khawpui thalai leh naupangte hian ransa aiin ranvulh sate hi an thlang ta zawk a. Hei hi School atanga an rawn hawn niin ka hre deuh a, dik tak maw.

Tunlai khawvelah Development hmachhuanin kan ramngawte awmze nei lova khawihchhiat a tam ta hle mai. Kawngpui tha kan duh a, kan siam tur pawh a ni e, hmasawnna ropui tak a ni. Mizoram chhung pawh hun rei lote chhungin kan thleng zung zung

thei ta. Hun a heh lova, awlsamna nasa tak min thlen a tih loh theih loh. Mahse, enge kan chhiat puina tih kan chhut a pawimawh khawp mai. Ramngaw a cheng ransate chenna a lo bua a, a chhan chu kawng tha a tlang hnuah kawngkam thing leh mau kan la nasa a. Huan neih a lo nuam a, engmah ching tak tak mang lovin kan vat a, kan ti bua zel chu anih hi. Tlawng luia cheng nungchate kawng laihna leivungin a chim avanga rem chak ziate hi chhut tham fe a ni. Chutah fur laiin tui pump theih loh a zing si, tui nu chung chungin an pump a, kan ei lo thei si lo. A tenawmna zual em em chu kan bawlhhlawh engkim luite leh kawrtea kan paih kha Tlawng luih a lut a, a thli chu ei turin kan pump chho leh a, manganthlak tak a ni. Infrastructure tha kawngpui kan siam anih pawhin tuihna ti tlem a ti bawlhhlawh lo zawngin hma la ila tih hi thil pawimawh tawp ani.

Tun kum fur ruahtui tlak hmaa Lunglei khawpui tui harsatna kha ka lo hre ve a, rilru a tina khawp mai. Enge a

chhan? tih zawhna hi chhan a har lo, a catchment area a thing leh mau chereu zel vang tih hi. Kum a lo vei leh ang a, chak tak pawhin hma la ila he harsatna hi kan solve nghal mai thei lo, hun a duh. Mihring kan pung zel si, tui thianghlim mamawhna a sang zel si, tuihna a kang zel si. Kan harhchhuah a hma kan lak vat loh chuan tui harsatna avang pawhin kan ram hi chenna tlak a ni lo thuai dawn. Hei hi hriain social activist, mi thahnemngai tak tak, mahni pawh in ngaihtuah thei lovin kawla ni chhuak chhiarin an fehchhuak tih kan hria em?? Beng nei chuan hre rawh se. Mizoram hmangaihtu thlang turin min ti ta se Ruatfela nu hi ka thlan hmasak ani ngei ang.

Pathianin mihringte tih tur ngawih ngawih, mihring hmasa ber Adama a siam hmaa a lo dah lawk hi a zahawm a, engang pawhin Thlarau mi ni ila he duty hi kan palzut chhung chuan kan chungah Pathian a lawm ang em tih hi inchhut fo teh ang u. Heng hi hria ila :

1. Kan Culture leh Environ-ment hian inzawmna thuk tak a nei a ni.
2. Thing phun hi Forest (ramngaw) siam lehna tangkai tak a ni a, mahse Natural Forest a tluk thei lo.
3. Wildlife trafficking route kan ni mek, kan ransa (wildlife) ten a tuar thuai ang.
4. Tuna State danga chhiatna hrang hrang thlengte hi mihringin khuarel chhiatna a tih punlun a ni. Hun kal tawh a development immun chhoh laia Environment humhalh an lo dah hmasa lo kha an inchhir hle a ni, siamthat theih a ni tawh si lo.
5. Mihringte hian kan huang kan zauh zel avangin nungchate kan nek chep tawlh tawlh a, an ramri kan luh chhuak a, chu chuan human wildlife conflict hi a hring hnem tawlh tawh dawn a. Nungchate hi kan dam khawchhuah nana Pathianin a siam an ni tih hriain hma kan lak vat a tul a ni.
6. Kan nungcha mang mekte hi khawvel thiamna hmanga an inthlahpun dan tur

ngaihtuahte, an chenna ramngaw humhalhsakte hi kan tihtur a ni tih kan hriat a tul ta hle.

7. Ram hmasawn zelah kan ram hian kawngpui tha kan mamawh hle a, he infrastructure kan ruahmannaah hian Environment tichhe lo zawnga, thiam taka hma kan lak a hun tak meuh meuh a, kan ram leilung leh khuarel kalphung, sik leh sa inher dan leh ruahtui kan neih dante ngaihtuaha, a tha thei ang bera hma kan lak hi a ngai a ni.

Himachal Pradesh State hi tun kuma khuarel chhiatna tawh nasa a ni a. Khuarel chhiatna avang in Rs.4.079 crore hloh anga chhut a ni. Ruah sur nasa avanga in leh lo chante, leiminin a tihchhiat kawngpuite hriat tur a tam khawp mai. RABIES (UI Â HRI)

Dr. Lalremruata Fanai¹, Dr. Laltlankimi²,

Dr. H Lalawmpuii³ & Dr. Lalsangpuii⁴,

¹MVSc Scholar, ^{2,3,4}Assistant Professor

CVSc & AH, Mizoram^{2&3} & Nagaland⁴ CAU

Rabies (Ui â hri) chu enge?

Rabies chu natna hrik virus-in a, mihring leh ransate thluak leh hriatna thazam khawih buai thei natna chi khat a ni. He natna hi rabies hri kai ransain mi a sehin an chil atangin (saliva) emaw a hamna amangin an kai darh ber a. He natna hi eng ran pawhin an kai thei a, amaherawhchu khawlaia ui (stray dog) leh ramsa dang kan tih sihal leh bak (bats) te-ah a hluar zual hle a, zawhte rabies hri kai pawh hmuh tur a awm leh zeuh zeuh bawk a ni. Rabies natna hi natna thar a ni lem lova, B.C 2300 hunlai daih tawh kha an lo report tawh a ni. Hun reilote kaltaah khan kan thenawm state-ah pawh Rabies natna avangin mihring tam takin nunna hlu tak an chan tih kan hre theuh awm e.

Ranin rabies hri an kai tawh chuan an kawlh (aggressive) em em a, an bula awm mihring emaw ran dang seh emaw, ham an tum chhen tawh mai thin a ni. Khawvel pum huapin mihringa rabies hri kai 99% vel hi ui seh amanga kai an ni nghe nghe a ni.

Rabies hri hi a hlauhawm em em a, a chhan chu a natna lan chhuah dan hrang hrang a awm a. Chungte chu rilru lam chian lohna (confusion), thil lem harsatna leh zeng (paralysis) te an ni a, heng hi a lan chhuah tawh chuan a lo tlai tawh mah mah mhin a ni. Hetiang anih avang hian lo inven lawk leh lo inralrin lawk hi a mul a ni.

Rabies natna lanchhuah dan -

Ui a hri kai leh kai lo ran kan hriat theih nan a natna lanchhuah dan lo tarlang ila:-

1. *Kawlh (aggressive):*

Ranin rabies an kai tawh chuan an kawlh em em mai thin a, ui zaidam tak ni thin pawh ui a hri a kai tawh chuan a bula mi seh thut an ching tawh thin a ni.

2. *Ka amanga chil phuan chhuak:*

An ka amangin chil phuan chhuak emaw chil thli tla hmuh theih turin a awm bawh thin a. Hetianga a awm nachhan chu thil lem an harsat tak vang a ni pakhat.

3. *Mize danglam/pangailo:*

Ranin he hri hi a kai tawh chuan mize danglam tak an nei chho a, awmze neilo a kal kual vak vakte an ching a, chianglo ruai a awmin, mihring hlauhna an nei tawhlo bawh thin a ni.

4. Rabies hri kai rante chu an tihrawl thunun mumal theiloin an awm a, chu chuan chetvel a tih harsat phah ta thin a ni.

5. *Awm hle hle theihlohna emaw hlauhna:*

Rabies hri kai thenkhatah chuan hlauthawng hmelpu tak leh zam (nervous) takin an awm mhin bawh. Kan tarlan tak anga ran awm kan hmuh chuan, pumpelha, hmun hima awm daih tur a ni.

Rabies hri darh dan:

Rabies hri hi a hri kai tawh ransain a sehna emaw hamna (scratch) atangin an kai tlanglawn ber a. Rabies hri (virus) hi a hri kai chilah an awm thin a. Hetia a hri kaiin an va seh emaw an va ham khan, a virus kha tha zamah lutin hri an lo kai darh ta mhin a ni. Kan hriat atana pawimawh chu rabies hi boruak atangin emaw ransa hmul kan tawh/sik (touch) atangin a kai theih loh a. Amaherawhchu, hri kaiin a kai ve lo pem emaw ser (wound) a lo liak palh anih chuan he natna hi a kai chhawng ve thei a ni. Chuvangin nangmah emaw tupawh, in chhungte uiin a seh in emaw a ham a, pem chhete pawh a nih chuan, a rang thei

ang bera inenkawl vat thin tur a ni.

Engtin nge i inven ang?

Tunah chuan a pawimawh ber- a invenna lam lo tarlang ve tawh ila. Rabies hi awlsam taka inven theih a ni. A hnuaia kan tarlante hi kan zawm mhat chuan nang leh i chhungte in lo him thei dawn ani:-

1. *Ui a hri danna (vaccine):*

Rabies hri laka kan invenna mha ber pakhat chu a hun taka kan ui leh zawhte vaccine pek mhin hi a ni. Hei hian kan ranvulhte chauh venghim lovin kan veng leh a chhehvela hri tihdarh theihna kha emaw chen a tihniam bawh a ni. Kan ui note chu thla thum (3months) a tlinin Rabies vaccine pek tur a ni a, kum tin a hun ngaiah pek leh tur a ni.

2. *Khawlaia ui leh zawhte khawih mai mai loh tur:*

Khawlaia ui, zawhte leh ran dang tla mai maite hian rabies hri an kai theihna a

san avangin khawih mai mai loh tur. Naupang kut hlei rualte pawh khawlai a ran tla, a neitu hriat loh (stray) te chul nel mai mai lo tur a zirtir ngei ngei tur ani.

3. *I ranvulhte hmun him lovah awmtir loh tur a ni:*

Kan ranvulhte pawn chhuah tamtir loh tur a ni. Hei hian duat taka kan vulh kan rante ui a hri kai palh theihna tur lakah a humhim thei a ni.

4. *Rabies hri vei nia rinhlelh chu report vat tur a ni:*

Ran, a thil hmuh apiang seh tumte, chil-phuan kâ amanga chhuakte leh kawlh em em te, an chezia atanga hri kai rinhlelhawm kan hmuh reng reng chu veng chhung thuneitute hnenah emaw Veterinary Department lamah report vat tur a ni. Hetia rinhlelhawm taka awmte hi hri kai an lo nih ve theih avangin fimkhur taka man a khuahkhirh an ngai a ni.

5. ***Naupangte zirtirna tha pek tur a ni:*** I fate ran leh khawlaia ui leh zawhte tla mai mai kut lawnga khawih a hlauhawm theihzia zirtir tur a ni a. Insehtir palh ai chuan fimkhur a pawimawh tih hriattir tur a ni.

Uiin seh emaw ham palh ta che sela, engtin nge i tih ang?

Nangmah emaw i chhungte uiin a seh emaw ham palh chuan, a hnuai tarlante hi tih vat tur a ni:-

1. ***A sehna hliam chu sil vat tur a ni:*** A hmasa berah chuan a sehna hliam chu sahbawn nen fai taka sil phawt tur a ni. Hei hian natna hrik kha taksaa a luh theihna lakah eng emaw chen a veng a ni.
2. ***Hospital pan vat tur a ni:*** A sehna pem chu a te viau emaw, ui landanah rabies natna lang chhuak lo mah se hospital pan vat tur a ni. Rabies hi a natna a lanchhuah tawh chuan an

thihpui ngei ngei thin tih mithiamten an sawi thin a, chuvangin a enkawlina kan lak vat khan thihna lakah kan inveng thei a ni.

3. ***Rabies vaccine lak tur a ni:*** Uiin min seh anih chuan rabies vaccine lak vat hian a natna darh tur lakah min humhim thei a. Min seh amanga darkar 24 chhung ngeiah vaccine lak tur a ni a, a dose kim taka lak ngei ngei bawk tur ani.
4. ***Report vat tur:*** Ui min sehtu chu veng chhung thuneitute emaw mithiam zawkte hnenah thlen vat tur a ni a, a sehtu ui chuan rabies a kai leh kai loh endik ngei ngei tur a ni. Chutichuan a lo kai palh anih pawhin mi dangah a kai darh loh nan hmalak tur mul ang ang rang takin a lak theih dawn a ni. Ka hriat reng tur chu, rabies hi natna hlauhawm tak a ni a, amaherawhchu tih tur mul ang kan tih vat chuan kan invenghim thei a ni.

AFRICAN SWINE FEVER(ASF)

***Dr. Rebecca K. Lalmangaihi, Veterinary Officer
District Vety Hospital, Kolasib***

African Swine Fever (ASF) hi natna hlahawm leh inkachhawn awlsam tak a ni a, a hri zaa za thihpui theih natna a ni. ASF hi Africa ram Kenya-ah kum 1921 ah hmuhchhuah a ni a, India ram bikah chuan February 2020 vel atangin Assam leh Arunachal Pradesh-ah leng tanin Mizoram pawh March 2021-ah min luhchilh ve ta a ni.

Hmanlai atanga vawk pul hri kan tih ber Classical Swine Fever khan vawk tam tak min lo suatsak tawh a. Kum 2013 atangin vawk natna Mizoram-a la leng ngai lo PRRS in min luhchilh leh a. Tun hunah hian CSF leh PRRS natna ni si lo ASF hian kan sawi tawh ang khan March 2021 atangin min luhchilh leh mek a ni.

India hian he hri laka invenna tur vaccine a la siam chhuak thei lova, chuvangin vawk vulhtute pawh theih tawpa kan lo fimkhur reng a ngai rih a, tun tumah pawh hian hun kan ngah loh avangin keimahni zawna kan lo tih ve theih leh kan lo fimkhurna tur sawi kan tum dawn a ni.

ASF natna hi DNA virus Asfivirus in a thlen a ni a, vawkin he virus a kai atanga a natna lanchhuah hun hi a tlangpuiin ni 4 atanga 19 hunchhung a ni. Khawlum tan hun March atanga May thla velah ASF hi langchhuakin thlasik ah a reh leh deuh thin a ni.

ASF hi vawk leh Sanghal lam chi ten an vei ber a, vanneithlak takin mihringin kan kai ve thei lo. He natna hi ran damlo leh a dam lai an awm dunin awlsam takin a inkachhawn theih a, tin, he natna vei ran damlo mit, ka leh hnar atanga tui leh tuihnang chhuakte, an zun leh ekahte virus lo chhuakin an lo inkaidarh thei a ni. Hmun dang atanga ran lakluh tharte hi he natna veia

thehdarhtu an ni a, vawksa leh a sa atanga siam chhuah (Processed meat) atangin a kai theih a, vawksa la chhum loh ah he natna hrik hi thla 3 atanga thla 6 thleng natna thlen thei khawpa chakin a dam thei. Tin, ran damlo enkawltu hmanrua leh thawmhnaw atangtein a inkaichhawn theih bawk a ni. Saphihrik chikhat soft tick (ornithodoros)-in he natna hi an pu darh thin a hriat a ni.

Hri lenna hmun atangin vawk, vawksa leh vawksa tanga siam ei tur reng reng lak loh tur a ni a, kan ran in leh a chhehvelte damdawi hmanga tih thianghlim thin tur a ni. Hemi atan hian 2% Calcium Hydroxide (Chinai), 2% Sodium hydroxide (Caustic Soda), detergent (Sahbawn/Surf), Phenol substitute, Sodium or Calcium hypochloride (2-3%) , Iodine compound leh bleaching powder (2-3%) kan hmang thei a ni. Bleaching powder (2-3%) siam dan hi tui litre 10 ah bleaching powder 250 gram pawlh tur a ni. Sodium or Calcium hypochlo-

ride (2-3%) siam dan chu tui litre 1 ah Sodium or Calcium hypochloride 60.6 gram pawlh tur a ni.

Tin, hri len laiin hri lenna hmun 1 Km bial chhungah vawk talhte, vawksa zawrh phal a ni lo a, vawk hri lenna hmuna mihring leh motor lut chhuak reng reng then thianghlim vek tur a ni. Kan vawkte hi chaw ningnawi pek loh hram tur a ni a, kan pe lo thei lo anih pawhin minute 20 tal chhum so tur a ni. Vawk sa them leh a silna tuite vawk pek loh tur a ni. Vawk enkawltuten vawk ina hak bik thawmhnaw neih tur a ni. Tin, vawk in luhkaah khang kan sawi disinfectant engemaw ber kha rah mai theih a dah tur a ni. Kan vawk inte midang tlawhpawhtir loh a him ber a, keimahni pawh mi vawk inah a tul a nih loh chuan kal loh tur a ni. Vawk in hi zawhte leh ui leh arte luh theih loh turin kan siam tur a ni. Ran ek leh thli luankhawmna tur khur siam a, a khat tawkin dawmdawiphul thin tur a ni. Tin, ran damlo leh thi tawh sa reng

reng ei tura talh leh sawngbawl loh tur a ni.

Vawk thi reng reng feet 6 tal a thuka phum a, chinai emaw bleaching powder phul hnuah tha taka chhilh tur a ni. Vawk ruang buaipuitute kutkawr leh pheikhaw tuamna pawh phum nghal tur a ni a, vawk ruang phurhna lirthei reng reng damdawi hmanga tih thianghlim tur a ni. Vawk thi reng reng khamah leh kawrah paih mai mai loh tur a ni a, ramsain an pu darhin a hri theh darhtu an ni thei a ni. Sanghalin an kai pheichuan an thih pui mai bakah hrileng control a harsat phah thin. Sanghal thi kan hmu anih chuan thuneitute hnenah report vat tur a ni a, satlaw reng reng ei loh tur a ni.

Hri vei dahna vawk in ruak leh chaw pekna hmanruate hi disinfectant-in uluk takin kah chhuah tur a ni a, darkar chanve hnuah tui leh sahbawnin brush nen nawh fai a, nghah ro tur a ni, a ro hnuah disinfectant-a kah leh tur a ni, chuan ni 10 hnuah a ngai bawkin kan tifai leh ang

a, hemi hnu ni 40 ah chauh vawk dah tur a ni.

Tin, ASF natna hrik dam theih hun chung hi han sawi lang tel ila :

4°C ah - kum khat leh thla hnih 37°C ah - Ni 11-12

56°C ah- Darkar khat

-20°C ah- Kum 2

-70°C ah- Kum engemawzat an dam thei a ni.

ASF natna hi chi hrang hrangin a langchhuak a, natna hrik thawh chak dan, breed, hrik kai dan, virus taksaa a luh tam dan a zir te leh endemic status a zir ten a danglam thei a.

*** Per-Acute Form :** Khawsik sang tak (41-42°C T 105.8-107.6°F) an nei a, ni 1-3 chhung lekin an thi mai thin.

*** Acute Form :** Khawsik sang (40-42°C T 104-107.6°F) an beng hmawr, an mei, an awm leh dul vel a lo sen /duk tuak a, ni 6-9 chhungin an thi a, ni 11-15 chhunga thi te pawh an awm baw. A vei 90-100% in an thihpui thei.
